

ATTENDANCE VIA SMS

In Case of Power failure, marking of teachers attendance can be done by sending SMS from respective school CUG numbers (please read the instructions below) with in the time schedule given. Subsequently the attendance data sent through SMS should be substantiated with the physical records.

Please note mobile application has been developed for marking attendance. This application has to be used and not SMS when notified. Instruction manual for the mobile app will be made available for downloading in the SAMS Login page shortly.

Registering the attendance for the teaching staff by sending SMS through the mobile phone with the following steps.

The format for sending the SMS from school CUG numbers:

Type in the SMS message editor

Tate <space>Roll no><If Absent=A, Leave=L>

Do not send the numbers of teachers present attendance. **Send only Teachers who are either Absent or on Leave .**

- 1) For example teacher with Roll number 12 in SAMS is absent and Roll number 13 is on leave then the message should be like:

Tate 12A.13L

For example Tate 12A.13L.14A.18L

- 2) **If all the teachers are present then send the message as below .**

For all staff present **Tate AP**

Tate 13L. 14A (wrong format) Space between “.” And 14A

Tate 13L . 14A (wrong format) space between 13L, “.”,14A

Tate 13L .14A. (wrong format) “.” After 14A not required if no more teachers to add.i.e last teacher attendance should not be ended with “.”
